Tesco's Stronger Starts – previously known as Tesco Community Grants - has already provided over £117 million to more than 67,000 projects across Britain.

This £5m Stronger Starts grant programme, delivered in partnership with Groundwork UK, helps schools and children's groups provide nutritious food and healthy activities that support young people's physical health and mental wellbeing, such as breakfast clubs or snacks, and sports equipment for after school clubs.

Claire de Silva, Tesco UK Head of Communities and Local Media, said: "Helping schools and children's groups access the food and resources they need is vitally important in getting children a stronger start in life. Children with enough food have more energy, better concentration, and ultimately achieve more too."

Graham Duxbury, Groundwork's UK Chief Executive, said: "As a community charity, we have seen first-hand how schools and other groups supporting young people have been playing a much bigger role in ensuring children are getting a healthy start to the day and getting access to spaces and services to support physical activity and mental health. Family budgets are tight and school budgets are tight, but it's so important that children stay fed, fit and focused, so we're delighted to be able to prioritise these activities alongside Tesco with the Stronger Starts programme."

Funding is available to community groups and charities looking to fund local projects that bring benefits to communities, particularly those helping to provide food and giving children the support they need for a good start in life.
